# C75 Mobile Terminal with Printer

C75 handheld computer is a two-in-one device for real-time data collection and printing of receipt. The features such as integrated mobile printer and speed data collection make it a preferred device in the market. The built-in dual slots for PSAM cards help in easy encryption of data. The portable design of this device is a perfect combination of multiple tools used for mobility purposes in various sectors like retail, healthcare, parking, etc.
